

# Honeywell

THE POWER OF **CONNECTED**

## MICRO SWITCH™ HDLS Series

- Rugged zinc die cast housing
- Sealed to NEMA 1, 3, 4, 4X, 6, 6P, 12, 13, IP65/66/67
- Variety of actuators & circuitry options available

## MICRO SWITCH™ HDLS Series Levers

Levers for use with side or top rotary actuated switches are available in a wide choice of sizes & materials – rollers may be on either side of the lever to best match the external actuating mechanism

## MICRO SWITCH™ Compact Precision Limit Switches 914CE Series

- Rugged zinc die cast housing
- Long life (up to 10 million cycles)
- Designed for demanding environments

## MICRO SWITCH™ Hazardous Area Switches LSX Series

- Weather-sealed product for operation in explosive or hazardous environments
- Fluorocarbon and low-temperature sealing
- Variety of heads & non-sparking actuators

## MICRO SWITCH™ Toggle Switch Line TL Series

- Military grade, robust design
- High-temperature, shock & vibration proof
- Variety of circuitry & pole options

## Pressure Transducers - MLH Series

- All metal wetted parts
- Amplified outputs
- High speed measurement, < 2ms response time
